## A Comprehensive Guide to Religion and War

Religion has been a powerful force in human history, both for good and for ill. It has inspired great works of art, literature, and music, and it has also been used to justify some of the most horrific acts of violence. In An Encyclopedia of Faith and Conflict, renowned scholars explore the complex relationship between religion and war from a variety of perspectives.

This multi-volume work is the most comprehensive guide to the subject ever published. It covers a wide range of topics, including:

- The history of religious wars
- The role of religion in conflict resolution
- The psychological impact of war on religious faith
- The ethical implications of using religion to justify violence

An Encyclopedia of Faith and Conflict is an essential resource for anyone who wants to understand the complex relationship between religion and war. It is a valuable tool for scholars, students, policymakers, and anyone else who is interested in this important topic.

## Reviews

"An Encyclopedia of Faith and Conflict is a monumental work that will be a valuable resource for years to come. It is a must-read for anyone who wants to understand the complex relationship between religion and war." -

**John Esposito, University of Georgetown**
