

# An Experiment In Christology: A Groundbreaking Exploration of the Nature of Christ

In his groundbreaking book, *An Experiment In Christology*, Edward Schillebeeckx offers a fresh and innovative approach to understanding the nature of Christ. Schillebeeckx argues that the traditional Christological categories of "nature" and "person" are inadequate to capture the full complexity of Christ's identity. Instead, he proposes a new model of Christology that is based on the concept of "event." Schillebeeckx argues that Christ is not a static being, but rather an event that is constantly unfolding in history. This event is the incarnation of God in Jesus Christ, and it is this event that is the source of Christ's unique identity.

## The Collected Works of Edward Schillebeeckx Volume 6: Jesus: An Experiment in Christology (Edward Schillebeeckx Collected Works) by Edward Schillebeeckx

Schillebeeckx's Christology has been highly influential in contemporary theology. It has been praised for its originality, its rigor, and its ability to

speak to the concerns of modern people. *An Experiment In Christology* is a must-read for anyone interested in theology, Christology, or the history of Christianity.

## **Edward Schillebeeckx**

Edward Schillebeeckx (1914-2009) was a Belgian Catholic priest and theologian. He was one of the most influential theologians of the 20th century, and his work has had a profound impact on Catholic thought.

Schillebeeckx was born in Antwerp, Belgium, in 1914. He studied theology at the Catholic University of Leuven, where he was ordained a priest in 1941. After ordination, Schillebeeckx taught theology at Leuven for many years. In 1968, he was appointed to the chair of dogmatic theology at the University of Nijmegen in the Netherlands, where he remained until his retirement in 1983.

Schillebeeckx was a prolific writer, and his work covers a wide range of theological topics, including Christology, ecclesiology, and ethics. He is best known for his groundbreaking work on Christology, which has been highly influential in contemporary theology.

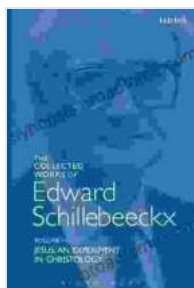

## **An Experiment In Christology**

*An Experiment In Christology* was first published in Dutch in 1974. It was translated into English in 1979, and it has since become a classic work of Christology. In this book, Schillebeeckx argues that the traditional Christological categories of "nature" and "person" are inadequate to capture the full complexity of Christ's identity. Instead, he proposes a new model of Christology that is based on the concept of "event." Schillebeeckx argues that Christ is not a static being, but rather an event that is constantly

unfolding in history. This event is the incarnation of God in Jesus Christ, and it is this event that is the source of Christ's unique identity.

Schillebeeckx's Christology has been highly influential in contemporary theology. It has been praised for its originality, its rigor, and its ability to speak to the concerns of modern people. *An Experiment In Christology* is a must-read for anyone interested in theology, Christology, or the history of Christianity.

Edward Schillebeeckx's *An Experiment In Christology* is a groundbreaking exploration of the nature of Christ. This book is a must-read for anyone interested in theology, Christology, or the history of Christianity.
