### 1. The Supremacy of Allah

Ayatul Kursi opens with a bold declaration of Allah's unparalleled supremacy: "Allah! There is no god but He, the Ever-Living, the Self-Sustaining."

This statement negates the existence of any other deities, emphasizing that Allah alone possesses eternal life and is the ultimate source of existence for all creation. He is the Sustainer, providing for the needs and existence of all beings, while being independent of any external support.

### 2. Allah's Attributes and Perfection

The verse continues to extol the attributes of Allah, describing Him as "the Most High, the Most Great." These attributes imply Allah's absolute sovereignty over the heavens and the earth, His boundless power, and His limitless wisdom and knowledge.

Ayatul Kursi further affirms Allah's perfection, stating that "neither slumber nor sleep overtakes Him." This is a contrast to human limitations, highlighting Allah's constant vigilance and unwavering control over all matters.

### **3. The Omnipotence of Allah**

"To Him belongs whatever is in the heavens and whatever is in the earth." This declaration asserts Allah's complete ownership and authority over all creation, both in the visible and unseen realms.

Allah's omnipotence is also evident in the statement "there is no intercessor with Him except by His permission." This indicates that no one can approach Allah or mediate on behalf of others without His express consent, underscoring His exclusive right to grant favors or dispense justice.

### **4. The Transcendence of Allah**

"The knowledge of the Hour is with Him alone." Ayatul Kursi reveals that the knowledge of the exact time of the Last Judgment is solely known to Allah, emphasizing His transcendence over time and space.

This knowledge is beyond the comprehension of any created being, including the angels and prophets. This aspect of Allah's transcendence reinforces our reliance on Him as the ultimate source of knowledge and guidance.

## 5. Guidance and Protection

The verse concludes with a powerful statement about guidance: "He knows what is before them and what is behind them, while they encompass nothing of His knowledge except what He wills." This signifies Allah's all-encompassing knowledge of both the past and the future, as well as His control over the events that unfold in our lives.

Ayatul Kursi is a constant source of guidance and protection for those who recite it. It is believed to shield against evil forces, bring blessings, and provide tranquility and peace to those who memorize and reflect upon its meanings.

Ayatul Kursi is a profound and multifaceted verse from the Quran that embodies the essence of at tawheed. It affirms the supremacy, attributes, omnipotence, transcendence, and guidance of Allah. By understanding and contemplating its meanings, we gain a deeper appreciation of the unwavering Oneness of Allah and our reliance on Him as the ultimate source of existence, knowledge, and guidance.

Whether you are seeking spiritual enlightenment, protection, or a reminder of Allah's boundless power and love, Ayatul Kursi is a treasure that will enrich your life and strengthen your faith.
