Day laborers are a vital part of the American economy, performing essential tasks in construction, agriculture, and other industries. Yet they are often invisible to the rest of society, working in the shadows and facing discrimination and exploitation. In *Day Work*, anthropologist Seth Holmes offers a unique glimpse into the lives of these workers, revealing the complex social and economic forces that shape their experiences.

Through in-depth interviews and participant observation, Holmes follows a group of day laborers in the San Francisco Bay Area as they navigate the challenges of finding work, dealing with employers, and supporting their families. He shows how these workers are not simply victims of circumstance, but rather resourceful and resilient individuals who are actively shaping their own lives.

In *Day Work*, Holmes argues that day laborers are not just a temporary workforce, but rather a permanent fixture in the American economy. He calls for a new understanding of these workers and their contributions to society, and for policies that protect their rights and improve their working conditions.

Day Work is a groundbreaking book that offers a much-needed voice to a marginalized population. It is a must-read for anyone interested in labor issues, immigration, or social justice.

Reviews

"In *Day Work*, Seth Holmes provides a powerful and moving account of the lives of day laborers. This book is a must-read for anyone who wants to understand the challenges and triumphs of these workers." - **David Harvey, author of *The New Imperialism***

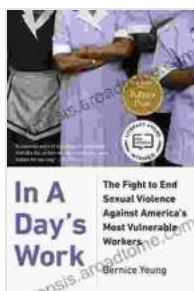

"In Day Work, Seth Holmes offers a unique and insightful look into the world of day laborers. This book is a valuable contribution to the literature on immigration and labor, and it is sure to spark important conversations about the future of work." - **Ruth Milkman, author of Immigrant Labor and the Challenge of Inequality**

About the Author

Seth Holmes is an anthropologist and professor of sociology at the University of California, Berkeley. He is the author of several books on immigration and labor, including *Fresh Fruit, Broken Bodies: Migrant Farmworkers in the United States* and *Making Trouble: Workers' Resistance in Global Capitalism*.
