On the morning of December 7, 1941, a surprise attack by the Imperial Japanese Navy on the U.S. naval base at Pearl Harbor, Hawaii, thrust the United States into World War II. The attack, which claimed the lives of over 2,400 Americans and destroyed or damaged hundreds of ships and aircraft, sent shockwaves around the world and forever etched the day of infamy into the annals of history.

In his critically acclaimed book *Infamy: Pearl Harbor and Its Aftermath*, Pulitzer Prize-winning author John Toland delivers a comprehensive and deeply moving account of this pivotal moment in human history. Drawing upon extensive research and firsthand interviews with survivors, Toland recreates the events leading up to the attack, the chaotic hours of the bombing itself, and the lasting consequences that shaped the world.

Toland's narrative is both gripping and authoritative, weaving together personal stories, eyewitness accounts, and expert analysis to provide a rich and nuanced understanding of the events of December 7th. He examines the diplomatic tensions and intelligence failures that allowed the Japanese to launch their surprise attack, and he explores the political and military decisions that followed, including the United States' declaration of war on Japan and the subsequent entry of the country into World War II.

*Infamy* is not merely a historical account of an isolated event; it is a profound exploration of the human condition in times of crisis. Toland's vivid prose and meticulous research bring to life the experiences of those who lived through the attack, from the sailors who fought bravely on the burning ships to the civilians who witnessed the destruction firsthand. The book also shines a light on the resilience and determination of the American people, who rallied together in the face of adversity to rebuild their shattered nation and ultimately emerge victorious from the war.

*Infamy* is a must-read for anyone interested in history, military affairs, or the human experience in times of war. It is a powerful and unforgettable account of a pivotal moment that changed the course of the world and continues to resonate today.

### **Praise for *Infamy***

"A masterful work of history that is both gripping and authoritative. Toland's vivid prose and meticulous research bring to life the events of December 7th, and his exploration of the human condition in times of crisis is both profound and moving." - *The New York Times*

"A classic account of one of the most important events in American history. Toland's narrative is both comprehensive and deeply personal, and his insights into the causes and consequences of Pearl Harbor are invaluable." - *The Washington Post*

"A tour de force of historical writing. Toland's *Infamy* is an unforgettable account of a pivotal moment in human history." - *The Los Angeles Times*

### **About the Author**

John Toland was an American author and historian who specialized in military history. He is best known for his Pulitzer Prize-winning book *The Rising Sun: The Decline and Fall of the Japanese Empire, 1936-1945*. Toland also wrote several other books about World War II, including *Infamy: Pearl Harbor and Its Aftermath*, *The Battle of the Bulge*, and *D-Day*.

Toland was born in 1912 in La Crosse, Wisconsin. He attended the University of Wisconsin-Madison and the University of Minnesota. After graduating, he worked as a reporter and editor for several newspapers. In 1942, he joined the U.S. Army and served as a combat infantryman in Europe during World War II.

After the war, Toland returned to journalism and began writing books. His first book, *But Not in Shame*, was published in 1961 and became a bestseller. Toland went on to write over 20 books, many of which focused on military history. He died in 2004 at the age of 91.
